A SHORT STAY
with
PETRA RYBERG
{ Head of design at P&O
Australia }

Favourite hotel? Soho Houses – I love that they have a residential feel. **Favourite design piece collected abroad?** I bought an amazing brass horse statue at an antique market in Shanghai and it now takes pride of place in my Sydney home. **How does travel influence your work?** I am always travelling and seeking inspiration wherever I go. For example, the carpet in 400 Grad, the pizza restaurant onboard Pacific Explorer, was inspired by a tiled floor in a restaurant in Genoa, Italy. However, much of the design of Pacific Explorer is themed around Australian nature – botanicals, animals, traditional art. **Ultimate destination for 2017?** South America is definitely a dream to visit. Ariau Amazon Towers Hotel in the Amazon rainforest would be the ultimate. pocruires.com.au
