A SHORT STAY with PETRA RYBERG { Head of design at P&O Australia }

Favourite hotel? Soho Houses – I love that they have a residential feel. Favourite design piece collected abroad? I

bought an amazing brass horse statue at an antique market in Shanghai and it now takes pride of place in my Sydney home. How does travel influence your work? I am always travelling and seeking inspiration wherever I go For example, the carpet in 400 Gradi, the pizza restaurant onboard Pacific Explorer, was inspired by a tiled floor in a restaurant in Genoa, Italy. However, much of the design of Pacific Explorer is themed around Australian nature - botanicals, animals, traditional art. Ultimate destination for 2017? South America is definitely

a dream to visit. Ariaú Amazon Towers Hotel in the Amazon rainforest
